Portland's blue-collar harbor jobs will suffer if the cleanup plan is too expensive.

If, under the EPA plan, the river cleanup were to lead to higher expenses for harbor companies and higher costs for consumers, that would mean a big hit on our economy. We do need a river cleanup but I hope that you'll also consider the costs to our economy.

Thank you for recognizing that there is a real cost to employers for this cleanup. And thank you for everything you're doing to protect our river.

Sincerely,
